NAME

    BIO_f_null - null filter

SYNOPSIS

    #include <openssl/bio.h>

    const BIO_METHOD *BIO_f_null(void);

DESCRIPTION

    BIO_f_null() returns the null filter BIO method. This is a filter BIO that does nothing.

    All requests to a null filter BIO are passed through to the next BIO in the chain: this means that a BIO chain containing a null filter BIO behaves just as though the BIO was not there.

NOTES

    As may be apparent a null filter BIO is not particularly useful.

RETURN VALUES

    BIO_f_null() returns the null filter BIO method.
