NAME

FcLangSetHash - return a hash value for a langset

SYNOPSIS

#include <fontconfig/fontconfig.h>

FcChar32 FcLangSetHash (const FcLangSet *_ls_);

DESCRIPTION

This function returns a value which depends solely on the languages supported by _ls_. Any language which equals _ls_ will have the same result from **FcLangSetHash**. However, two langsets with the same hash value may not be equal.
