

**NAME**

FcPatternIterStart - Initialize the iterator with the first iterator in the pattern

**SYNOPSIS**

```
#include <fontconfig/fontconfig.h>
```

```
void FcPatternIterStart (const FcPattern *p, FcPatternIter *iter);
```

**DESCRIPTION**

Initialize *iter* with the first iterator in *p*. If there are no objects in *p*, *iter* will not have any valid data.
