

NAME

creat - create a new file

LIBRARY

Standard C Library (libc, -lc)

SYNOPSIS

```
#include <fcntl.h>
```

int

```
creat(const char *path, mode_t mode);
```

DESCRIPTION

This interface is made obsolete by: `open(2)`.

The `creat()` function is the same as:

```
open(path, O_CREAT | O_TRUNC | O_WRONLY, mode);
```

SEE ALSO

`open(2)`

HISTORY

The `creat()` function appeared in Version 1 AT&T UNIX.
