NAME

dvipdf - Convert TeX DVI file to PDF using ghostscript and dvips

SYNOPSIS

```
dvipdf [ options ] input.dvi [ output.pdf ] ...
```

DESCRIPTION

This script invokes $\mathbf{dvips}(1)$ with the $\mathbf{-q}$ option, and pipes its output into $\mathbf{gs}(1)$ with the following options:

-q -dNOPAUSE -dBATCH -sDEVICE=pdfwrite

as well as -sOutputFile and any options from the command-line.

SEE ALSO

```
gs(1), dvips(1)
```

VERSION

This document was last revised for Ghostscript version 10.03.1.

AUTHOR

Artifex Software, Inc. are the primary maintainers of Ghostscript. This manpage by George Ferguson.
