

NAME

Mines - The popular logic puzzle minesweeper

SYNOPSIS

gnome-mines [*OPTION*...]

DESCRIPTION

gnome-mines is a puzzle game where you locate mines floating in an ocean using only your brain and a little bit of luck.

OPTIONS

-v, --version

Print release version and exit

--small

--medium

--big

Start the game with a small (8 by 8), medium (16 by 16) or big (30 by 16) board. If more than one of these options is given, the biggest size is selected.

This program also accepts the standard GNOME and GTK options.

AUTHORS

gnome-mines was written by Szekeres Istvan and others.

This manual page was written by Sven Arvidsson <sa@whiz.se>, for the Debian project (but may be used by others).
