

NAME

isphonogram, **isphonogram_l** - phonographic character test

LIBRARY

Standard C Library (libc, -lc)

SYNOPSIS

```
#include <ctype.h>
```

int

```
isphonogram(int c);
```

int

```
isphonogram_l(int c, locale_t loc);
```

DESCRIPTION

The **isphonogram()** and **isphonogram_l()** functions test for a phonographic character.

The **isphonogram_l()** function takes an explicit locale argument, whereas the **isphonogram()** function uses the current global or per-thread locale.

RETURN VALUES

The **isphonogram()** and **isphonogram_l()** functions return zero if the character tests false and return non-zero if the character tests true.

SEE ALSO

ctype(3), **ctype_l(3)**, **isideogram(3)**, **isideogram_l(3)**, **iswphonogram(3)**, **iswphonogram_l(3)**, **xlocale(3)**

HISTORY

The **isphonogram()** function appeared in 4.4BSD.
