

NAME

labs - return the absolute value of a long integer

LIBRARY

Standard C Library (libc, -lc)

SYNOPSIS

#include <stdlib.h>

long

labs(*long j*);

DESCRIPTION

The **labs**() function returns the absolute value of the long integer *j*.

SEE ALSO

abs(3), cabs(3), floor(3), imaxabs(3), llabs(3), math(3)

STANDARDS

The **labs**() function conforms to ISO/IEC 9899:1990 ("ISO C90").

BUGS

The absolute value of the most negative integer remains negative.
