NAME

libssh2_channel_ignore_extended_data - convenience macro for *libssh2_channel_handle_extended_data(3)* calls

SYNOPSIS

#include <libssh2.h>

void
libssh2_channel_ignore_extended_data(LIBSSH2_CHANNEL *channel,
                    int ignore_mode);

DESCRIPTION

This function is deprecated. Use the *libssh2_channel_handle_extended_data2(3)* function instead!

This is a macro defined in a public libssh2 header file that is using the underlying function *libssh2_channel_handle_extended_data(3)*.

RETURN VALUE

See *libssh2_channel_handle_extended_data(3)*

ERRORS

See *libssh2_channel_handle_extended_data(3)*
