NAME

    libssh2_session_set_timeout - set timeout for blocking functions

SYNOPSIS

    #include <libssh2.h>

    void
    libssh2_session_set_timeout(LIBSSH2_SESSION *session, long timeout);

DESCRIPTION

    Set the **timeout** in milliseconds for how long a blocking the libssh2 function calls may wait until they consider the situation an error and return LIBSSH2_ERROR_TIMEOUT.

    By default or if you set the timeout to zero, libssh2 has no timeout for blocking functions.

RETURN VALUE

    Nothing

AVAILABILITY

    Added in 1.2.9
