

NAME

ntlm_buf -

SYNOPSIS

```
#include <heimntlm.h>
```

Data Fields

size_t **length**

void * **data**

Detailed Description

Buffer for storing data in the NTLM library. When filled in by the library it should be freed with **heim_ntlm_free_buf()**.

Examples:

test_ntlm.c.

Field Documentation

size_t ntlm_buf::length

length buffer data

Examples:

test_ntlm.c.

void* ntlm_buf::data

pointer to the data itself

Examples:

test_ntlm.c.
