

**NAME**

**rtwn\_pci** - Realtek PCI device glue

**SYNOPSIS**

To compile this driver into the kernel, place the following lines in your kernel configuration file:

```
device rtwn
device rtwn_pci
device pci
device wlan
```

**DESCRIPTION**

The **rtwn\_pci** driver supports PCIe wireless network devices based on the Realtek RTL8188CE/RTL8188EE chipsets.

Both RTL8188CE and RTL8188EE are highly integrated 802.11n adapters that combines a MAC, a 1T1R capable baseband and an RF in a single chip. They are operate in the 2GHz spectrum only.
