

NAME

zip_compression_method_supported - return if a compression method is supported

LIBRARY

libzip (-lzip)

SYNOPSIS

```
#include <zip.h>
```

int

```
zip_compression_method_supported(zip_int32_t method, int compress);
```

DESCRIPTION

The **zip_compression_method_supported()** returns if the compression method *method* is supported for compression (if *compress* is zero) or decompression (otherwise).

RETURN VALUES

Returns 1 if the method is supported, 0 otherwise.

SEE ALSO

libzip(3), zip_encryption_method_supported(3), zip_set_file_compression(3)

HISTORY

zip_compression_method_supported() was added in libzip 1.7.0.
