

NAME

zip_encryption_method_supported - return if an encryption method is supported

LIBRARY

libzip (-lzip)

SYNOPSIS

```
#include <zip.h>
```

int

```
zip_encryption_method_supported(zip_int16_t method, int encrypt);
```

DESCRIPTION

The **zip_encryption_method_supported()** returns if the encryption method *method* is supported for encryption (if *encrypt* is zero) or decryption (otherwise).

RETURN VALUES

Returns 1 if the method is supported, 0 otherwise.

SEE ALSO

libzip(3), zip_compression_method_supported(3), zip_file_set_encryption(3)

HISTORY

zip_encryption_method_supported() was added in libzip 1.7.0.
