

NAME

zip_set_archive_comment - set zip archive comment

LIBRARY

libzip (-lzip)

SYNOPSIS

```
#include <zip.h>
```

int

```
zip_set_archive_comment(zip_t *archive, const char *comment, zip_uint16_t len);
```

DESCRIPTION

The **zip_set_archive_comment()** function sets the comment for the entire zip archive. If *comment* is NULL and *len* is 0, the archive comment will be removed. *comment* must be encoded in ASCII or UTF-8.

RETURN VALUES

Upon successful completion 0 is returned. Otherwise, -1 is returned and the error information in *archive* is set to indicate the error.

ERRORS

zip_set_archive_comment() fails if:

[ZIP_ER_INVALID] *len* is less than 0 or longer than the maximum comment length in a zip file (65535), or *comment* is not a valid UTF-8 encoded string.

[ZIP_ER_MEMORY]
Required memory could not be allocated.

SEE ALSO

libzip(3), zip_file_get_comment(3), zip_file_set_comment(3), zip_get_archive_comment(3)

HISTORY

zip_set_archive_comment() was added in libzip 0.7. In libzip 0.11 the type of *len* was changed from *int* to *zip_uint16_t*.
